I'm sure I like sweet things
that melt in my mouth
I'm sure I'm not good at no
I'm sure the good times go too fast
and the bad times go too slow
I'm sure my car could use a good cleaning
and my heart a nice long rest
of all the things I'm sure of,
more and more they get less and less

I'm sure I'd like to go to Mexico
sure I don't know if it all evens out
sure I've been told only want what you hold
I'm sure I am tired of doubt
I'm sure I'll do some of it right
some of the right is doing it wrong
of all the things I'm sure of
I am sure I have doubted too long

Chorus:

I am the ride I'm a brass ring
I am the sweet I am the sting
all they gave me all I can bring
I am my one sure thing

I am sure this boat feels small
and all the water looks wide
Love is the current, love is the other side
I am afraid I'll be gone someday
with an unflown feather in my wing
Of all the things I'm sure,
I'm sure I'm tired of waiting
for one sure thing (Chorus)
