When I'm home, I take things for granted  
Always looking past the good things I wear  
distant eyes  
You can see the restless soul always itching to run  
When I'm home, when I'm home  
I don't want nothing to change  
I just want it to stay the same

It's been a long time, been a long time, yeah, yeah  
Well it's been a long time, been a long time, yeah, yeah  
I missed you  
Been a long time, been a long time, yeah, yeah  
And I'm steering in the fast lane, counting every white  
line  
kiss you in the morning and meet when the sun shines  
Na na na na na na na na na na na na na na na na  
Meet me in the sun shine  
Na na na na na na na na

When I'm alone, every highway looks the same  
And I'm half the world away, I'll be calling out your  
name  
I don't wanna run anymore  
Unless I'm running to your door

It's been a long time, been a long time, yeah, yeah  
Well it's been a long time, been a long time, yeah, yeah  
I missed you  
Been a long time, been a long time, yeah, yeah  
And I'm steering in the fast lane, counting every white  
line  
kiss you in the morning and meet when the sun shines  
I'm expecting you to walk around the corner  
And you looking at me smiling  
and from the movie and you're crying  
And you're speaking words of gibberish  
Cause you don't know what you saying  
Na na na na na na na na na na na na na na na na  
So meet me in the sun shine  
Na na na na na na na na  
Cause it's been a bloody long time

Na na na na na na na na na na na na na na na na na  
So meet me in the sun shine  
Na na na na na na na na

Well it's been a long time, been a long time, yeah, yeah  
Well it's been a long time, been a long time, yeah, yeah  
I missed you  
Been a long time, been a long time, yeah, yeah  
And I'm steering in the fast lane, counting every white  
line  
kiss you in the morning and meet when the sun shines  
Na na na na na na na na na na na na na na na na na  
Meet me in the sun shine  
Na na na na na na na na na  
It's been a long time, a bloody long time  
So meet me in the sunshine.
