it's been a blue holiday since you've been gone  
oh my darling, won't you hurry, hurry home  
it's been a blue holiday i'm all alone  
you know i, i need your love to keep me warm  
i cry when i hear the chapel bells ring  
and sometimes i cry all through the night  
please oh please come, come back to me  
and make my holiday bright

it's been a blue holiday my heart's in pain  
my dear, i pray to have your love again  
(instrumental)  
blue blue blue blue blue holiday my heart's in pain  
my dear, i pray to have your love again  
i pray to have your love again  
it's been a blue blue holiday
