"Good Good Time"

Don't talk about love, boy; it's not what I'm thinkin' of,
boy
I had love before, yeah; I don't want it no more

CHORUS:

I just want a good good time, just show me a good
good time
& I'll show you a good good time
& there'll be no heartaches or heartbreak
Oh everything will be fine

I'm gonna be wild & free now, that's how I'm gonna be
now
No time to get down, no; I don't wanna be bound

(chorus)

Oh just swing me around & around & around; don't
stop dancing
Faster & faster & don't stop to talk about love
romancin'
Oh I wanna laugh & be gay; it's been so long since I've
been that way
So if there's nothin' to see, boy, then you're not the one
for me, boy
Even though you're fine, yeah, love ain't on my mind

(chorus)

(repeat & fade):
& there'll be no heartaches or heartbreak
Oh everything will be fine
