

We Shot The Moon "Glass Windows"

Visit "[Glass Windows](#)" on MotoLyrics.com

I am stuck in a window
That I can't ever close
I've been running on empty
On a long one way road

'Cause, it's not that bad
The sun rose again
Take what we have and try again

Because I love you, oh
More than you know
There's nothing in this world
That could make me let go
It's that I love you, oh
More than you know,
There's nothing in this world
That could make me let go

You're the rose
I'm the petal
I keep on falling from you
When I wake in the morning
It's your face that pulls me through
It's not that bad
The sun rose again
Take what we have and try again

Because I love you, oh
More than you know
There's nothing in this world
That could make me let go
It's that I love you, oh
More than you know,
There's nothing in this world
That could make me let go

You stand so far from me
I'm the ghost you don't see
I painted sky spells our names
I know something you don't

It's that I love you, oh

More than you know
There's nothing in this world
That could make me let go
It's that I love you, oh
More than you know,
There's nothing in this world
That could make me let go

It's that I love you, oh
More than you know
There's nothing in this world
That could make me let go
It's that I love you, oh
More than you know, (something that's true)
There's nothing in this world
That could make me let go

It's that I love you, oh
More than you know
There's nothing in this world
That could make me let go
It's that I love you, oh
More than you know, (something that's true)
There's nothing in this world
That could make me let go
