Hope it's all the I have
The calm in the storm is right where I am
Inside of hope, it's all that I know
It's what I've moved toward, it's what I live for

Wave goodbye to a time
That you once believed was everything

I'm ready to live, I'm ready to dream
I'm ready for fear, love and everything between
Don't tell me I'm right, don't tell me I'm wrong
Just tell me I'm strong enough for one more song

And this could be the one to say it right
Bringing warmth into the night
I'm going for broke but I've got hope

The sound it's all around
And we can be found all in good time
I'm forgiving yesterday
Wishing yesterday would forgive me but I'll never see

So wave goodbye to a time
That you once believed was everything

I'm ready to live, I'm ready to dream
I'm ready for fear, love and everything between
Don't tell me I'm right, don't tell me I'm wrong
Just tell me I'm strong enough for one more song

And this could be the one to say it right
Bringing warmth into the night
I'm going for broke but I've got hope

Now
(I'm ready to live, I live for hope)
Now
(I'm ready to live, I live for hope)

I'm ready to live, I'm ready to dream
I'm ready for fear, love and everything between
Don't tell me I'm right, don't tell me I'm wrong

Just tell me I'm strong enough for one more song

And this could be the one to say it right

Bringing warmth into the night

I'm going for broke but I've got hope, I've got hope
