Sway your head  
Move your feet  
Wake yourself from the sleep  
If theres a day, theres a way  
You can get yourself there  
Golden smile, you got style  
That they can't take away

Scream and shout, get it out  
Before it swallows you  
No surprise in these times  
How it really gets through  
All the walks and the thoughts  
But can you break through?

You're alive  
So alive  
Now c'mon

You gotta pull yourself back together  
Give it one more shot  
Its now or never  
With the new day falling for you  
You gotta believe  
(Woah)

Build a plan, yes you can  
You've got nothing to lose  
Look around, up and down  
What are you gonna choose?  
Can you see the sunrise  
That came up for you

You're alive  
So alive  
Now c'mon

You gotta pull yourself back together  
Give it one more shot  
Its now or never  
With the new day calling for you  
You gotta believe

(Woah)

You gotta pull yourself, back in the water  
Take in one deep breath  
You're getting closer  
After all you've talked and seen  
You gotta believe  
(Woah)

I think its coming back  
I think its coming back  
I think its coming back to me  
[x2]

Now I, I feel I'm getting better  
Now I, my world is getting better

You gotta pull yourself back together  
Give it one more shot  
Its now or never  
With the new day falling for you  
You gotta believe  
(Woah)

You gotta pull yourself, back in the water  
Take in one deep breath  
You're getting closer  
After all you've talked and seen  
You gotta believe  
(Woah)
