She's got the looks that could kill  
And a smile that stops traffic

She's got the eyes that can heal  
She makes me feel so fantastic

She knows what drives me insane  
But it doesn't even matter

Cause she'd never drive me that way  
I'm so glad that I have her

She's perfect for me  
And I'm perfect for her

I'm not a gamblin' man  
But this time I'm sure

Cause the way that she looks  
At me with those eyes

Is enough to make me take a roll  
With the dice...

And you know how I do,  
I'll risk it all for you

\*chorus\*

Tell me what I gotta do  
Do to get through to you  
Tell me what I gotta say  
I swear that I'll say anything

Things are gettin' better now  
Because you're finally here with me  
Exactly the way it's meant to be  
\*end chorus\*

She smiles even when  
My jokes are a dud

And she doesn't call for a reason  
She calls just because.

And she laughs when I'm wrong  
But not to get me down

She just knows her laugh  
Is what turns me around

And you know how I do,  
I turned around for you

\*chorus\*

Tell me what I gotta do  
Do to get through to you  
Tell me what I gotta say  
I swear that I'll say anything

Things are gettin' better now  
Because you're finally here with me  
Exactly the way it's meant to be  
\*end chorus\*

You're the reason that  
I'm feelin' like there's nothing wrong  
I haven't felt this way  
In a long long time

And I believe you  
When you tell me that  
You're here to stay

This is the way it was meant to be

\*chorus\*

Tell me what I gotta do  
Do to get through to you  
Tell me what I gotta say  
I swear that I'll say anything

Things are gettin' better now  
Because you're finally here with me  
Exactly the way it's meant to be  
\*end chorus\*
