And don't you know you got me whenever you want me
And in the blurring of all these colors it's yours I see
And I don't mind, no I don't mind
And I don't mind, no I don't mind

And I walked by the water's edge
And I heard everything you said, woah
You might think I would never see
But they all made it back to me, woah

And who am I to think that there's no getting used to
A love of start and stop and slow down
I'm trying to let my guard down another time
No I don't mind and I don't mind
No I don't mind that I remember

And I walked by the water's edge
And I heard everything you said, woah
You might think I would never see
But they all made it back to me, woah

And to be someone with a dream
That's not what you're after
So meet all those down the street because, woah, woah
