Hope it's all the I have
The calm in the storm
Is right where I am
Inside of hope
It's all that I know
It's what I'm moved toward
It's what I live for

Wave goodbye to a time
That you once believed was everything

I'm ready to live
I'm ready to dream
I'm ready for fear, and love and everything between

Don't tell me I'm right
Don't tell me I'm wrong
Just tell me I'm strong enough for one more song
And this could be the one to say it right
Bringing warmth into the night
I'm going to broke, but I've got hope

The sound it's all around
And we can be found
All in good time.
I'm forgiving yesterday
Wishing yesterday would forgive me, but I'll never see

So wave goodbye to a time
That you once believed was everything

I'm ready to live
I'm ready to dream
I'm ready for fear, love and everything between

Don't tell me I'm right
Don't tell me I'm wrong
Just tell me I'm strong enough for one more song
And this could be the one to say it right
Bringing warmth into the night
I'm going to broke, but I've got hope

I'm ready to live, I live for hope.
I'm ready to live, I live for hope.

I'm ready to live
I'm ready to dream
I'm ready for fear, love and everything between

Don't tell me I'm right
Don't tell me I'm wrong
Just tell me I'm strong enough for one more song
And this could be the one to say it right
Bringing warmth into the night
I'm going to broke, but I've got hope
Yeah, I've got hope
