[T-Pain]

Lately I've been trying to stop lying  
but I be lying if I said that I wasn't blinded by that ass  
girl  
and I would go to hell as well if I say you didn't smell  
like Victoria's secret when you pass girl  
and that plain skirt you got on lets a n-gga know that  
you just might have some class girl  
so you gotta have you some brain  
and with all due respect you gotta pass it to Pain  
gots to pass it to Wayne  
and Wayne past holding he pass you to Mack Maine  
or I can take you Solo for Dolo  
have you getting out of the Lambourghini in slow Mo  
but I aint trying to butter you up  
I'm trying to f-ck you in the kitchen let me butter you up  
where's my manners, which one you like  
butter or syrup?  
let me show you what miss butter is worth.

[T-Pain: Chorus]

Ohhhh, what it is,

got the waist of a wasp and the ass of a horse  
and she already know what it is  
baby your so perfect  
so I know Im bout merk it  
got the waist of a wasp and the ass of a horse  
and she already know what it is

[Lil Wayne]

Shorty want a real n-gga  
construction have Weezy Imma deal with her(?)  
she be my meal after I have a meal with her  
then I deal with her  
now wont ya shake like a dog  
hop like a frog  
ride it like a horse  
scream, holla till ya lose your voice

promise I know how to love, know what to do with ya  
heart  
shorty you so much of a target I hit you with a dart  
ooh bullseye baby, ooh ayy baby

but you know that they aint greedy as I  
now wont you do it like I told you

if you keep f-cking with me you gon get your own  
chauffeur  
first put your legs on my shoulders

[Chorus]

[Lil Wayne]

Now usually I don't go to hole first night with a girl on  
the very first night  
but you got to (?) make a n-gga feel like you  
supposed to be a n-gga's wife  
and technically I don't believe in falling in love  
if the love don't, dont even love  
so with you Im gon be giving love yeah  
and really I don't be calling out like that no more less  
its a shot  
but you only go to the top  
now whatcha, whatcha think about that  
whatcha think about that  
whatcha think about that  
whatcha think about that

[Chorus]
