chorus

I'm fa-la-la-la lost without you
I wish you would have waited,
Cause I dunno what to do

I'm fa-la-la-la lost without you
Well who could've guessed
It's another lonely christmas

end chorus

Oh Saint Nick,
I've got a favor to ask
I lost my girl and I am begging,
Could you bring her back?

I know I used to say
That you did not exist
But I swear I'll change my ways
If you bring her home for christmas

It's been awhile since
I've asked you for a thing
Never thought I'd have to
But that thoughts about to change

Woke up that morning
With a message on the phone
that said Happy Holidays, Oh ya, I'm never comin'
home

chorus

I'm fa-la-la-la lost without you
I wish you would have waited,
Cause I dunno what to do

I'm fa-la-la-la lost without you
Well who could've guessed
It's another lonely christmas

end chorus

Oh Saint Nick,
I'm checking in for the night

Won't she is doing alright

Did she mention anything
About the love we had
Does it keep her up at night?
Do I ever cross her mind?
Is there anything to bring her back?

prechorus
Just bring her back to me
end prechorus

chorus
I'm fa-la-la-la lost without you
I wish you would have waited,
Cause I dunno what to do

I'm fa-la-la-la lost without you
Well who could've guessed
It's another lonely christmas
end chorus

Oh Saint Nick,
I'm giving up, it's for good
She stole my heart like nobody, nobody could

And though the search is done, and ya she's still not
here
I already know what I'm asking for next year

chorus
I'm fa-la-la-la lost without you
I wish you would have waited,
Cause I dunno what to do

I'm fa-la-la-la lost without you
Well who could've guessed
It's another lonely christmas
end chorus
