Girl

You know that I don't care  
About the clothes you wear,  
I'm happy anyways

**\*Kiriana\***

Boy

Don't you worry about that hair  
Just as long as you are here  
I'm happy anyways

**\*Both\***

You,

I'm fallin' over you  
And there's nothing I can do  
You take my breath away

We,

Are everything we'd need  
And that's all I want to be  
As long as you're with me...

**\*chorus\***

Nothing can take away the feeling  
I get when I'm next to you  
No one, not no how  
Can keep me, away from,  
away from you

**\*end chorus\***

**\*Lamoni\***

Girl,

Of all the things you've said  
Nothing spins my head  
The way "I love you" does

**\*Kiriana\***

Boy,

There ain't a word that can describe

The way I feel inside

Since the day we fell in love

\*Both\*

(I believe in) us, (cause I know that it's)  
Is something I can trust  
To always lift me up  
When I'm down and almost out

I, (was afraid cause I)  
Thought I was running outta time  
But now that you are mine  
I've got it figured out

\*chorus\*

Nothing can take away the feeling  
I get when I'm next to you  
No one, not no how  
Can keep me, away from you

\*end chorus\*

How do I tell you this  
I already know  
I already know

How do I tell you this  
I already know  
I already know

\*chorus\*

Nothing can take away the feeling  
I get when I'm next to you  
No one, not no how  
Can keep me, away from you

\*end chorus\*
