I thought I lost it all,  
until the day that I met you.  
Falling out, losing face.  
All for someone new.

Someone so new, we had a table meant for two.  
Someone so new, so I could have a girl like you.  
Someone like you.

We don't have to do it again,  
I know, you never were to blame.  
We have this, nothing stays the same,  
I know I'll always be,  
more than just your friend.

They thought they had us in,  
but I had more than that in you.  
Picking up, Moving on,  
Holding on to you.

Someone so new, we had a table meant for two.  
Someone so new, so I could have a girl like you.  
Someone like you.

What made them think,  
they ever had a chance at us?  
That was a line we had to cross.  
What made you think, I had ever given up?  
That would be my only regret.

I need you here.
