feat. Big L, Lord Finesse, O.C.

[Big L]

check it

when I'm on stage you niggas know who mic this is  
for the president you roll for the heist of this  
my name is ringading L, I'm hot as (?) L, I live squid L  
how could you mix in Harlem and forget L  
me and you can get it on  
and we'll see who get shitted on  
you try to do what I did, but you did it wrong  
I'm not a child I'm a grown man  
you was just six when I owned men  
try that, you can't buy that  
pass the love black, let me try that  
when I rap some of you fly cats get robbed and shot at  
knuckle up, bet I scuel you  
I stay Rolex-ed and never get tested  
so what that tell you?  
my whole crew smokes blunts, and fucks stunts  
I won't lie, I got tough ones  
then I seen the kids who did it  
cocked my gat and got that dat  
now you figured I rapped, I'ma stop at that  
you still livin' cause I get loud, and coward  
runnin' rounds frontin' hard  
like you doubt about it, but I doubt it doubt it  
when I recite, you takin' hours to write  
so if you white  
say, you man you kind of flowered your life

[Lord Finesse]

I be that underworld Don, certified bum  
(check it dunn) promise y'own, an' nice one  
by all means my meaning is to roll supreme  
like Show  
(I don't wannabe a player) I just coast ya team  
reign supreme, strange and still break  
can't get relate, I'm after ill papes  
like Bill Gates  
dont't flip drugs, just a slip dog and get slug

make chicks buff, and take it all off  
like strip clubs  
I'm too slick on some old ya cool shit  
don't scoop on me, B, before I need you shit  
I got chicks buff, half ya cash shook  
I got the shit to make you.....  
nigga look I been buyed, escaped on thin ice  
I have mics, cats nice  
like Glenn Wice  
game's tight, so just skip the name, right  
cause I be damned to have a chance  
to rock the same mic

[Chorus]

yeah  
dignified soldiers, we roll like bolders  
some of us are whilers, just while money holders  
so I'm just too slick we'll see who's the golddest?  
too strong believer whose heart be the coldest?

[A.G.]

now I'm ya mic like your mike  
real shine like George live  
burn mics two fifths I better hold mics  
be sworn like GD on mics I bore tights  
so might been enough, that's all you butch in the clutch  
feelin' and rollin', state you stealin' the toast  
but prepare to slain like the last days  
mad waves, make the paper  
but these chickens tape the vapor  
I lays the flavour, wannabe major  
that's my nature  
I'm sworn addict to the dopest shit  
load two clips, like my mind breaks  
falsen it, it's over with hold my clip  
like achieve a top off like Jabber(?) Stevens  
you wanna see, it's the beamer  
cause it's off the hook  
I smoke a chief us, they remain here  
look they need us  
sellers, they wanna beat us but they ain't here  
I blow spots when I hold plots  
but those cops, they try too hold blocks  
by most of the tops, I go shots  
if you not, I'm burnin' hutten in the burden frontin'  
I'm MP due, in the rear-view  
ain't nothing, that would you state  
but I say that while I'm something  
end up trouble  
but all them other known ya MC's  
better take where y'all can get it

cause when we hit it  
we goin' basic  
let you know that D.I.T.C. shit it

[O.C.]

yeah, yeah, yeah  
nah, who can recall fallin' all?  
fenomenom is flawless  
like diamonds, real thug for my mind  
righteous the ants too much  
for average man, nigga, who can?  
you ain't fuckin' with diggin' us  
like walking on quicksand  
shit, my crew is on the blitz on ya team(right)  
finish off we thank cause we far from a dream  
we live and learn in the jungle  
one and another like jockers  
and I'm my brothers keeper  
not that I'm a believer  
in coma  
twitch niggas who wanna bring the drama  
fuck with the team get smoked like sama  
or gunja  
let me remind ya, I wants  
if I gotta say it twice we gon' find y'all  
the way we all gon' have your teeth shattered  
now who's coroners  
Diggin' In The Crates crew, Dignified Soldiers!

[Chorus]
