My yelling got me put out of the art store  
The voices in my head cussed at me  
I was yelling like a wild animal  
I felt like a jackass screaming at the top of my lungs

Outburst, outburst  
Outburst, outburst  
Outburst

Jim Sims got on my ass for screaming  
Like a wild animal at Genesis on Western  
I freaked out a lot of customers  
I also said suck my dick in front of a lot of people

Outburst, outburst  
Outburst, outburst  
Outburst

I was warned that if I had another psychotic outburst  
I will be barred out of Genesis for life  
A chronic schizophrenia attack happens every time  
I speak my word, then I start screaming

Outburst, outburst  
Outburst, outburst  
Outburst

Rock over London, rock on Chicago  
Be a Pepper, drink Dr. Pepper
