Pull out a .38 caliber revolver
Aim that weapon at me
Plunder me of my money
Hit me with a gunshot

Plug me full of holes
Plug me full of holes
Plug me full of holes
Plug me full of holes

Level a gun at my head
Pull the goddamn trigger
Blow my fucking head off
Snuff the lights out of me

Plug me full of holes
Plug me full of holes
Plug me full of holes
Plug me full of holes

Introduce me to my grave
Take my everlasting life with a pistol
Destroy my ass from the earth completely
Dumpster my body, mothafucka

Plug me full of holes
Plug me full of holes
Plug me full of holes
Plug me full of holes
