Raise your banner
For the noise
Wake the dogs up,
Call your boys.

Are you ready
For the war?
Bring your colours
To the floor.

I can see the freak in your eyes
I can see the freak in your eyes
I can see the freak in your eyes
I can see the freak in your eyes.

Show your colours,
Bring your colours
To the floor.

Show your colours,
Bring your colours
To the floor.

Wake yourself up,
Sirens on
Dogs are biting,
So exciting,
Now it's on.

Are you ready
For the war?
Show your colours,
Bring your colours
To the floor.

I can see the freak in your eyes
I can see the freak in your eyes
I can see the freak in your eyes
I can see the freak in your eyes.

Show your colours,

Bring your colours
To the floor.

Show your colours,
Bring your colours
To the floor.

I can see the freak in your eyes
I can see the freak in your eyes
I can see the freak in your eyes
I can see the freak in your eyes.

I can see the freak in your eyes.

Show your colour
Show your colour
Show your colour
Show your colour.

Show your colours,
Bring your colours
To the floor.

Show your colours,
Bring your colours
To the floor.
