Your hair pinned up in circles  
Worn like a widow to second the motion of second  
nature.  
Like two rafts knotted and ju- knotted and still where  
sound is lost and found.  
But I fear its all just coming back to me.  
And I fear that it's all just coming back,  
It's all coming back, It's all coming back to me.  
Under that threat of sky we lie together,  
Why care about the weather.  
It only ends- it ends in darkness.

You, you're always you're-  
Always dressed and buttoned up.  
Ba ba ba da ba ba ba ba da ba bap.  
Do do do do do do do do and you -  
You, you're always you're-  
Always dressed and buttoned up.  
Ba ba ba da ba ba ba ba ba ba ba.  
Do do do do do do do do and you -

And between 19, 19 and 40,  
For the tea it will have changed me.  
And turning from the invading light on my- my naked  
room,  
My naked room.  
Our coffee stains and dusty coughing.

You, you're always you're-  
Always dressed and buttoned up.  
Ba ba ba da ba ba ba ba da ba bap.  
Do do do do do do do do and you -  
You, you're always you're-  
Always dressed and buttoned up.  
Ba ba ba da ba ba ba ba ba ba ba.  
Do do do do do do do do and you -
