Ancient buildings (...)
But what they represent
Preaching peace while they're starting a war
They will cause this world's end
(...) you may disbelieve me
Religion's based on fear
(...) the masses, made, are here!

(Chorus)
Believe their lies
Then don't cry
When the hope fades away

(...)
The buildings how they lie
(...)

A christian (...)
The only thing that they can agree on
Is making life a curse

(Chorus)

(Chorus)
