[Verse One: Esoteric]

I'm concotin medical doctrine's in journals  
Maternally important internal organs and verbally  
abartin  
epidermal assortments; Esoteric torments, your  
performance  
More reinforcements are necessary  
Vocabulary slapped your capillaries  
Adversaries are buried and made imaginary  
in my stadium, homo sapien brains I'm drainin 'em  
Through their cranium, my style subterranean  
like stalagmites, or titanium I brought the strontium  
90, stompin 'em with osmium  
My rhyme be, like a fluid, now your body spew it  
Across your fuckin birthplace like amniotic fluid  
I wreck the mic, like electrolytes, extend like dendrites  
Do transduction, you under construction like websites  
You should be alert when I grip the cordless  
or wind up payin mortgage on your cyrogenic storage

{\*scratched 2X: "Be alert!" -> Kool Keith\*}  
{"Duck!"}  
{\*scratched 2X: "Be alert!" -> Kool Keith\*}  
{"Who is your best, chemical biological man?"}

[Verse Two: Beyonder]

Genetic sources, of variation migration  
Genetic drift double helix recombination  
I be, assisting de-ribonucleic acids  
Fully incubated babies thought within synapses  
Basic pressure units atmospheres to nearly force  
I contradicted Boyle's Law, to Avagadro's Law  
Immense platonic electrodes into  
Ten solutions of metal ions stop, become oxydized  
reduced  
I cycle in Alpha Nine, with those pesky, petrol-rabbits  
that were feeding off energon of nitric acid plastic  
Planted inserts, of empirical, formulas  
received by satellite probes, circulating deep space  
nebulas of all the second glitch, die or blow indubitably  
I be creating space bridges with apexes beyond the

galaxy  
Constructicons, form Devestator the most powerful  
robot  
MC's will break capacities of Dinobots in  
assimilation, jet back to Iacon  
The reflectors snapping shorts, busting like the arm of  
Megatron  
or Galvatron I, eject laser beams to seek out  
the lyrical matrix form parabolic to oblique while  
Beyond, this kid be reversing polarities  
You see your shit's overplayed, like mental physical  
vocabulary  
Restrain your mainframe with no races left untamed

{\*scratched 2X: "Be alert!" -> Kool Keith\*}  
{"Duck!"}  
{\*scratched 2X: "Be alert!" -> Kool Keith\*}  
{"Duck!"}

[Verse Three: Virtuoso]

I inspire minds with rhymes, like lattice work with vines  
My vocals realign, resulting in catapulting  
if he's revolting even insulting my mic monarchy  
In chronology, they get lobotomy sonically  
Ecstatically, rippin 'em with hematology curriculum  
Kill and then he's spittin sonnets at the requiem  
Lymph nodes, I'm swellin 'em like mononucleosis  
My poems corroding bones like osteoporosis  
My orchestration causing transmutation in the Earth's  
rotation  
Now adjacent nations mirror my vocabulation  
like a tessellation, with no procrastination bash your  
face in  
Injectin leukemia through your skeleton  
You peons, I rip for eons, beyond your grasping  
My blades are hacking through your skull  
Pull them out measure calcium graftings  
Clash in consortiums like accordians  
Euphoriously speakin in chant, like the Gregorian Monk  
Valedictorian, sellin vocal chords in my anatomy  
emporium  
The heart and brain I'm storin 'em  
Orpheum sub-zero refrigeration and I'm waitin 'em  
For two milleniums, I emerge from hibernation  
Take your offspring, resection vitals and replace them  
Make them my reincarnations, hunt for your relations  
and your bloodline, openly crushing castrations  
My elocution's executin future generations

{\*scratched 2X: "Be alert!" -> Kool Keith\*}  
{"Duck!"}

{\*scratched 2X: "Be alert!" -> Kool Keith\*}  
{"Duck!"}  
{\*scratched 2X: "Be alert!" -> Kool Keith\*}  
{"Duck!"}  
{\*scratched 2X: "Be alert!" -> Kool Keith\*}  
{"Duck!"}  
{\*scratched 2X: "Be alert!" -> Kool Keith\*}  
{"Duck!"}  
{\*scratched 2X: "Be alert!" -> Kool Keith\*}  
{"Duck!"}

{\*"Duck!" scratched to the end\*}
