Matias Lehtola feat. Natalie Peris - "Not enough"

You're not alone,
I'm never leaving.
Made a promise I would be here by your side.
A lifetime's way too short,
Forever's not enough,
Want to be with you
Until the end of time.

I'd run away with you,
And leave the rest behind.
Nothing in this world
Could make me change my mind.
Is there some way we could
Make this last for always?
Stop the time.
Let us make this last.
Forever's not enough,
(Not enough)
Forever's not enough
(Not enough)

Never leaving,
Never leaving,
I've made a promise I would be here.
Never leaving,
Never leaving,
Made a promise I would never leave you.

Forever's not enough.
Forever's not enough.
Forever's not enough.
Forever's not enough.
