"Easy To Resist"

Stars came down and then was hoping that they would
come around, again
Stars came down under my steady feet was no ground,
again

and she is not easy to resist

and if Iâ€™d go
then Iâ€™d burn my heart in wanting you
so I go cause I canâ€™t stand the sight of you
and Iâ€™m not stating out that my love is a home for the
one
Iâ€™m not stating that Iâ€™m not accusing you
for what you are

Stars came down and then you came around, and then
wasnâ€™t easy to find what I want or what I like
the stars are coming down, tonight

and if Iâ€™d go
then Iâ€™d burn my heart in wanting you
so I go cause I canâ€™t stand the sight of you
and Iâ€™m not stating out that my heart is a home for
the one
Iâ€™m not stating that

Iâ€™m not accusing you
for what you are
