What's my name?  
What's your deal, what's this all about?  
I see your lips, move they spill  
And the shit is coming out\*  
So here I go I'm back again  
I guess I'm following the trends  
I should have known, I should have sensed  
I should have listened to my friends

I feel insane, kind of stained  
After all that we've been through  
And in my brain, it ain't the same  
So I shake it off on you  
By the way, when you play  
Frontin' like you got that class  
Here's five words, I wanna say  
You can kiss this whiteboy's

(chorus ã—2)  
So what do you want from me?  
You're killing my sanity  
I'm trying too hard to see  
The sun is gone, now I'm alone

I'm feeling black, I'm feeling blue  
I'm feeling so caught up in you  
I'm feeling played, I'm feeling used  
I'm feeling like it's overdue  
So here I go, I'm back again  
It's time to listen to my friends  
I checked her out, she checked me in  
I'll never do that shit again

(chorus ã—2)

You're ãsoã alone (ã—4)

(chorus ã—2)

So what do you want from me?  
You're killing my sanity

So what do you want? (What do you want?)  
So what do you want from me?

So what do you want from me  
I'm sick of you choking me  
So what do you want? (What do you want)  
So what do you want from me?

You're so alone (Ã—2)
