You cannot hide  
From me  
I will be there  
You say that we're nothing  
I say you're scared

Do you know what I know?  
Do you even care?  
Can you see what's coming, baby  
It's so crystal clear

(chorus)  
Don't you know  
This has me more than bleeding  
Don't you know  
I cannot fight this feeling  
Don't you go  
Can you not hear me screaming no, no

You say that you fear me  
Why do you lie? (Why do you lie, lie, lie)  
I say that you love me  
Must you deny (deny, deny, deny)

Do you know what I know (why do you)  
Do you even care? (you don't care)  
Can you see me coming, baby  
It's so crystal clear

(chorus)

And I want you with me right now (right now, right now)  
And I want you to feel me somehow (somehow,  
somehow)  
And I want to taste what you don't (you don't, you don't)  
And I want you to want me too  
And I want you to want me

(chorus)

Shut up, you wanted me

Shut up, you needed me  
Shut up, you wanted me  
Shut up, you do
