Watch me turn away...
From the lies that I will never take
And watch me walk away
From the loneliness I feel today
I'll turn and fade
I'll fade away
I can't take the pain of where we laid

Watch me run away, from the tears that drown out my
faith and
Watch me walk away from the face that always has to
say
I'm gonna change... Its all ok...
Just one more take
Don't run... Away!

(chorus)
Why did you turn and fade?
So you tell me that you love me
So you tell me that you're throwing it all away
I just can't turn and fade- away
Away...

And watch me turn a page, on the past that i cannot
escape
and watch me find a way to never have to hurt again
It's gonna change
I'll make a place
It's over now, so hear me say
(Watch me run away!)

(chorus)

As I pray for you to fade,
I'll be free from all your chains..
You tell me that you love me
You tell me that you need me
You tell me you tell me that you want me
You tell me that you care
Do you want me?
Tell me do you need me

Baby do you love me?
You dont care!

I don't care!

(chorus)

I never thought that you would be,
The one that I could never see
I never thought that I would fade away...
