Hi, I'm alive  
He- lives inside  
You- will be lined  
From- wrong to right

(chorus)  
And I see you face, and you see my face  
And I can not- (WAAH!)  
And you feel the pain, and you see the gain  
And you wanna- (WAAH!)

And now that you believe, and now that I can see  
And now that we can fall in love again  
And now that you can see, and now that I believe  
And now that we can fall in love

I- I'm so high  
It- feels alive  
You- will be lined  
From- wrong to right

(chorus)

And now that you believe, and now that I can see  
And now that we can fall in line again  
And now that you can see, and now that I believe  
And now that we can fall in line  
(Ä—2)

(chorus Ä—2)
