Megaman: I will not fight you. (Protoman: You have no choice.)

I'll stand beside you. (I stand alone.)

You're still their hero. (Then they are fools.)

This cannot be the only way. (You will see.)

They don't deserve this. (When this is through,)

Now more than ever, (Mankind will fall.)

We are their hope. (They would not stand.)

They know no better. (They would not fight.)

They are not ready. (They never will.)

Even now there is hope for man. (My father's words!)

Your father loved you. (He still believes?)

His heart was broken. (His only weakness.)

His greatest strength. (Now we shall see)

You are not evil. (if they will stand)

You are not broken. (beside their hero)

We both know they'll never fight!

Protoman: You finally get it.

There are no heroes.

Mankind is doomed.

You will never have another Hero.

You will never have another chance.

You will fall because you never tried to stand for yourselves!

Human Choir: Destroy him!

You can save us!

Destroy him!

We don't want to!

Do it for us!

Destroy him!

You're our only hope!

KILL PROTOMAN!!!

Protoman: If these people tell this story

to their children as they sleep
then maybe someday they'll see a Hero
is just a man who knows he's free.

Human Choir: He could not save himself.
How could he save us?
For all the blood he shed, (Megaman: As I live)
Your brother failed us. (There is no evil that will stand.)
There's nothing you could do. (I will finish)
You had no choice. (what was started:)
Why do you cry for him? (The fight of Protoman.)
You are our hero.
You are our hero!

Megaman: And you are the dead.

Human Choir: We are the dead.
