Hi Angeline  
Did you hear me saying  
Singing for love  
In the heat of the night

Angeline  
Did you hear me saying  
Calling your name  
To the heart's plight

It really don't matter  
If you leave in the morning  
It really don't matter  
If you never come home

It really don't matter  
If you take to another  
It really don't matter  
If you leave me alone

Angeline  
Did they say I was drinking  
Angeline  
Did they tell you I cried  
Angeline  
Tell me what you were thinking  
When you saw me playing in the cold moonlight

So in love  
To be in love  
So in love  
To be love

Angeline  
Will you always be near me  
Angeline  
Will you always wear white  
Angeline  
Never stand to be lonely  
Please Angeline please stay tonight

It really don't matter  
If you leave in the morning  
It really don't matter  
If you never come home

It really don't matter  
If you take to another  
It really don't matter  
If you leave me alone

So in love  
To be in love  
So in love  
To be in love

Hi Angeline  
Did you hear me saying  
Singing for love  
In the heat of the night

Angeline  
Did you hear me calling  
Saying your name  
To the heart's plight
