You got me moving

Don't miss out on love,  
Tear you down,  
It'll make you wanna,  
Break down and cry,  
Don't miss out on love,  
Take a long time,  
Remember baby,  
Kinda makes me feel alright

I feel the need,  
Say I feel the need,  
Everybody knows, Everybody knows,  
Does everybody care for that hungry child

For you are,  
My life, my inspiration, woh woh  
For you are,  
My life, my inspiration, woh woh

You got me moving

Don't miss out on love  
It'll tear down,  
It'll make you wanna,  
Break down and cry, cry, cry, cry.  
STOP!  
Feelings alright it makes me feel good,  
Feelings alright it makes me feel good  
Everybody knows this feeling

I feel the need,  
Say I feel the need,  
Everybody knows, Everybody knows,  
Everybody cares for that hungry child

Oh, For you are,  
My life, my inspiration, woh woh, woh woh  
For you are,  
My life, my inspiration

For you are,  
My life, my inspiration

Everything, honey  
Everything, honey

You gave me life,  
You gave me hope into my life  
You gave me hope  
You gave me clothing  
To last throughout my life

Oh oh, oh oh

For you are,  
My life, my inspiration, woh woh, woh who, oh  
For you are,  
My life, my inspiration

Makes me feel

For you are,  
My life, woh woh

Are my life
