You've been talking in your sleep again
About the way you've been pulling my heart strings
When I think I'm on my feet again
I fall down, I fall down

At Forty Seven Park Avenue
Loud is the singing down in the bar room
Room so lonely, I wish I was in paradise

The broken lover in me, girl
Has been fixed in my memory
Lay your love, lay your love on me

I lost a little love this way
I find it in my heart to say
Gonna she'd a tear for you today
For love, love I gave away, I gave away

You've been making those eyes again
Down in the city and up in your ivory tower
One day soon you're gonna reach out and call my
name

The broken lover in me girl
Has been fixed in my memory
Lay your love, lay your love on me

I lost a little love this way
I find it in my heart to say
Gonna she'd a tear for you today
For love, I gave away

I lost a little love this way
I find it in my heart to say
Gonna she'd a tear for you today
For love, I gave away

Love's got me down on my knees again
There's no easy, no easy way out
There's no easy way out

I lost a little love this way
I find it in my heart to say
Gonna she'd a tear for you today
For love, I gave away
I lost a little love this way
I find it in my heart to say
Gonna she'd a tear for you today
For love, I gave away
I gave away, I gave away
I gave away
