The moment you left me
I suffered the whole night long, um
Was that where I go wrong
Was that where you go wrong
When I've got a problem
Say I talk to the whole wide world
Yes I will, yes I will

I'm gonna love ya
Woh, I'm gonna squeeze ya
Say I'm gonna do all the things
That I forgot to do

Thinking about my saviour with a smile (with a smile
well she can talk)
Oh she can talk about chasing
The heart in me away
Tell me tell me
Was that where she goes wrong

I'm gonna love ya
Woh, I'm gonna squeeze ya
Say I'm gonna do all the things
That I forgot to do

I'm gonna love ya
Woh, I'm gonna squeeze ya
Say I'm gonna do all the things
That I forgot to do

Now that I've made the right resolution, baby
And I think that I've found the right solution
Heaven knows where you are,
C'mon loving, loving, loving, yeah!

Gotta get it tall baby

Say the moment you left me
I suffered the whole night long, yes I did
Was that where I go wrong
I go wrong, I go wrong, I go wrong, I go wrong,

Say again, guess I will, guess I will

C'mon listen

C'mon now

Yeah, what's all in my mind
