Its cold outside

Like it always is, if I´m outside

Its raining rivers

Like it always is, if I´m here

Its an unfair life but true

This unfair life is caused by you

Caused by your storys and your dream

that never was one

But you forgot the last chapter

And this chapter I will write

And so the ending will be different

from you cursed storys

cause this

is the story of myself

my love, my life, my future

and none of those is you
