Even if you cry

I just look into your eyes

And then I know

That even your tears are never true

And if you call my name

With this shining in your eyes

I always know

That even your eyes are lying

So I fear

That I have to tell you something

Something you wont like

Something you would never think

But I have to leave you

As soon as possible

Now you think that i feel sorry

But it's different - I feel free

and If you think that I'll return

Your thoughts will never be reachin me

So you can cry

If you want

But I,

have to leave

As soon as possible

So even If you cry

Or smile, or scream

IÂ´ll never change

IÂ´ll leave

As soon as possible
