And now just close your eyes
Think of my this way, we'll hope and pray
The sun will rise up on another day
And we will lay together again

Sleep in my arms tonight
Tomorrow I must leave
Before the morning light
Comes shining through my window

And we may never meet again
So hold me like you've never done
Never done before

Suzanne, oh Suzanne
Every moment apart
Every beat of your heart

Suzanne, oh Suzanne
Won't you please understand
I'll be holding your hand, Suzanne

You just won't see me go
The impression in my heart
Is that of you lying oh so close to me
Remember this, a legacy
And loving that's inside of you and me
Just let it be

Suzanne, oh Suzanne
Every moment apart
Every beat of your heart

Suzanne, oh Suzanne
Won't you please understand
I'll be holding your hand
Suzanne, Suzanne

Suzanne, oh Suzanne
Won't you please understand
I'll be holding your hand

Suzanne, oh Suzanne
Every moment apart
Every beat of your heart

Suzanne, oh Suzanne
Won't you please understand
I'll be holding your hand, Suzanne
