(China Burton/Nick Straker)

Do you want it right now ? Do you want it right now,  
right now ? Ooh yeah

Do you know how lucky I feel I am  
To find a man who loves me, as I am ?  
You never try to change a single part of me  
You're easy to love, with those qualities  
Everyday you teach me more and more, inside me I  
want to glow  
And every night you think of only me  
Oh you keep me satisfied, you do all the things I like

I want you, oh I want you so  
Do you want it right now ? Oh, I can't let go  
I want you so bad, give me all you have  
I can show you how, do you want it right now ?  
Do you want it right now ?

You have a rare sensitivity, I really believe you know  
how to feel  
I trust you with all my heart and soul  
You care too much you want to take control  
And every day you teach me more and more, inside  
me, I want to glow  
Every night you think of only me  
Oh you keep me satisfied, you do all the things I like

I want you, oh I want you so  
Do you want it right now ? Oh, I can't let go  
I want you so bad, give me all you have  
I can show you how, do you want it right now ?

Everyday you teach me more and more, inside me I  
want to glow  
And every night you think of only me  
Oh you keep me satisfied, you do all the things I like,  
oh yeah, yeah

Do you want it, want it right now ? I can hear it from you

right now  
Do you want it want it right now ?  
Right here, right now, right now, right now  
Do you want it, want it right now ? I can hear it from you  
right now  
Do you want it want it right now ?  
Right here, right now, right now, right now

I want you, oh I want you so bad  
Do you want it right now ? Oh I can't let go  
I want you so bad, give me all you have  
I'll show you how, do you want it right now ?  
I want you, oh I want you so, do you want it right now ?  
Oh I can't let go  
I want you so bad, give me all you have  
I can show you how, do you want it right now ?  
I want ya, oh I want ya so, do you want it right now ? Oh  
I can't let go  
I want ya so bad, give me all you have  
I can show you how, do you want it right now ?
