Can you ever have too much
All the love that touch
That all is drive me crazy
She's the one that says me now
Ooh, she says me now

Looking back on days gone by
Getting' drunkin' getting' high
Drive me in the seas of changes
And I'm feeling I'm going down
Ooh, I'm going down

Just when I try to make it better
You never want me in anywhere

Can you hear me now
Can you hear me call your name
Can you see me now
Things will never be the same (the same)

It is something I can't say
I drive to take away the pain
I don't wanna start you cryin'
I just wanna hear you now
Ooh, hear you now

But it no makes much sense to me
All I want is to set you free
Just wanna see you smilin'
I don't wanna hurt no more
Ooh, don't wanna hurt no more

Just when I try to make it better
You never want me in anywhere

Can you hear me now
Can you hear me call your name
Can you see me now
Things will never be the same
Can you hear me now
Can you see me now

I know it's hard to carry on
And you were right and I was wrong
Please help me now

Can you hear me now
Can you hear me call your name
Can you see me now
Things will never be the same

Can you hear me now
Can you hear me call your name
Can you see me now
Things will never, never, never be the same
