You, you, you were my first love
And you, you were my last
And I was coming on strong, coming on strong
Coming on strong

I can feel love, I can feel love, I can feel love
Coming through your heart
What can you do with those attitude blues?
They'll make you feel alright
Yeah, they'll make you feel alright, yeah

You, you, you were my first love
You, you, were my last
And was I coming on strong, coming on strong
Coming on strong

I can feel love, I can feel love, I can feel love
Through your heart
What can you do with those attitude blues?
They'll make you feel alright

'Cos they'll make you, they'll break you
They'll put you back together
Again and again and again and again
I don't believe, I don't believe, that the price isn't high
enough
I don't believe, I don't believe

There ain't no mountain high enough
There ain't no mountain oh high
Gotta put your hands together
For the sake of Sonny's letter
Put your hands together

It's a crime, it's a crime
It's a crime, it's a crime, it's a dirty crime
Gotta put your hands together
For the sake of Sonny's letter
Put your hands together

'Cos they'll make you, they'll break you
They'll put you back together

Again and again and again and again
I don't believe, I don't believe, that the price isn't high
enough
I don't believe, I don't believe

No, I don't believe
No, I don't believe
No, I don't believe
The way she said

Baby, we can do the streets
We can do the streets
We can do the streets

You, you, you were my first love
You, you were my last
And was I coming on strong, coming on strong, coming
on strong

I can feel love, I can feel love, I can feel love
Coming through your heart
What can you do with those attitude blues?
They'll make you feel alright

'Cos, they'll make you, they'll break you
They'll put you back together
Again and again and again and again
I don't believe, I don't believe, that the price isn't high
enough
I don't believe, I don't believe
I don't believe, no I don't, I don't believe, baby

That the asking price it isn't high enough
It isn't high enough, it isn't high enough
It isn't high enough, it isn't high enough
It isn't high enough, it isn't high enough
High now, baby
