When love is my shepherd
And he leads me down,
To where troubled water
Sprung up from the ground.

I found the answer,
now it seems so clear.
When I see your face
I can't help but trace
That love is my shepherd
When you are here,
When you are here.

I've lived with the darkness
I've been through the mill
I craved the attention
Then choked on the thrill.

I found the answer
I saw it in your eyes
So sweet the surprise
Now that I can see
That love is my shepherd
Now you're here with me

Now you're here with me.

Today new horizons
Are filled with a joy.
Towards them I travel
With hope to employ.
And I've been seduced by failure and pride,
But love is the answer inside.

My future looks faithful
My prayers have been heard
And love is the reason
I carry the word.

The word is excitement
This feeling is great
I carry that weight

Now I'm set free
Love is my shepherd
Now you're here with me.

Now you're here with me.
And love is my shepherd
Now you're here with me.
