You've been talking in your sleep again  
About the way you've been pulling my heart strings  
When I think I'm on my feet again  
I fall down, I fall down

At Forty Seven Park Avenue  
Loud is the singing down in the bar room  
Room so lonely, I wish I was in paradise

The broken lover in me, girl  
Has been fixed in my memory  
Lay your love, lay your love on me

I lost a little love this way  
I find it in my heart to say  
Gonna shed a tear for you today  
For love, love I gave away, I gave away

You've been making those eyes again  
Down in the city and up in your ivory tower  
One day soon you're gonna reach out and call my  
name

The broken lover in me girl  
Has been fixed in my memory  
Lay your love, lay your love on me

I lost a little love this way  
I find it in my heart to say  
Gonna shed a tear for you today  
For love, I gave away

I lost a little love this way  
I find it in my heart to say  
Gonna shed a tear for you today  
For love, I gave away

Love's got me down on my knees again  
There's no easy, no easy way out  
There's no easy way out

I lost a little love this way

I find it in my heart to say  
Gonna shed a tear for you today  
For love, I gave away  
I lost a little love this way  
I find it in my heart to say  
Gonna shed a tear for you today  
For love, I gave away  
I gave away, I gave away  
I gave away
