Um, can you make it
So can you make it
Are you something special

Some stupid a things say they thrill a lot of my life
Like the feeling that I want to get to know you better
Say If you're in my heart
Say I could and I would
And you might and you shouldn't
No I can't go on
Thinking this love isn't strong
This love isn't strong
Till I seek those words of wisdom
Until I seek those words of wisdom
Till I seek those
Until I seek those words
Until I seek those words of
You gotta learn

You may wear your heart upon your sleeve
But vicious lies they only tease tease
Every eye open is not seeing
Every eyes closed

Say If you're in my heart
Say I could and I would
And you might and you shouldn't
No I can't go on, thinking this love isn't strong
This love isn't strong
Till I seek those words of wisdom
Until I seek those words of wisdom
Till I seek those words
Until I seek those words
Until I seek those words of
She said you gotta learn, gotta learn baby
You got to learn

C'mon baby

Cos I seek those words of wisdom (I seek those words
of wisdom)
Until I seek those words of wisdom

Till I seek those words
Until I seek those words
Until I seek those words of wisdom

She said, I shall sing a sad sad song ??????
I shall sing a sad sad song ?????
Had many lovers in my day
Just like the wind they've all blown away
Say I've had many lovers in my day
Just like the wind they've all blown away

Say if your girl ?????
Say if your girl ?????

(I seek those words)
(I seek those words of wisdom)
Until I seek those words of wisdom
Until I seek those words of wisdom
