Down on the corner back in my home town  
Me and the fellows used to gather round  
We sang a song with a happy beat  
I can still hear that harmony  
When we sang de de de de de Whoa  
De de de de de whoa yea yea  
De de de de de whoa  
De de de de de whoa

Guido he's the one who sang down low  
Crazy Johnny was our baritone  
I'm the one who took the lead  
And little Jackie made our song complete  
When he sang de de de de de whoa  
Made me feel alright  
De de de de de whoa yea yea  
De de de de de whoa  
Come on sing it now  
De de de de de whoa  
And then we sang ahhhhhh oww  
Ah ha haaaaaa oww woo hoo ah oww

I still think about those happy days  
And our street corner serenade  
Maybe someday we'll get together again  
Down on the corner me and my old friends  
We'll sing de de de de de whoa  
Feel alright de de de de de whoa  
We could sing all night  
De de de de de whoa  
Come and sing it with me  
De de de de de whoa  
De de de de de whoa  
Don't it feel alright  
De de de de de whoa  
Come on people now  
Who, whoa oh ah ah
