Gotta plan, got a plan  
'Cause the day is long - and order makes them happy

I know why they smile  
Why they smile  
Yes

You might be three-piece suited for a three-course  
meal  
But you might not be ready for how it  
feels  
D-d-d-down the road  
You got one hot mortgage, you got two-point-five  
Kids in the stable running wild  
You're liable to explode  
Gotta play, gotta play  
All day long - words will make you happy  
Gotta play gotta play on that jungle gym  
Words will make you happy happy

I can slide down to this level  
Slide down to this level  
No
