You will always be my baby

I'm always thinking of you baby

Yeah - yeah -how -Ooh wo

Touch me in the morning

And last thing at night

Keep my body warm baby

You know it feels right.

Take a little higher, I'm thinking it too (too)

Tell me what you're feeling

I feel it with you

We can only understand

What we are shown

How was I supposed

To know our love will grow?

Move a little closer

Things sure are looking up

Heal me with your loving

I need you so much

I need you so much

I need you so much

Hey-ey-ey

Oooh!

Oooh, oooh

We can only understand

what we are shown

How was I supposed

To know our love will grow?

You touch my mind

In special places

My heart races with you

I'll take your love

I'll take my chances

I 'll take them with you

We can only understand

what we are shown

How was I supposed

To know our love will grow?

You touch my mind

In special places

My heart races with you
