You'll always be my baby

I'm always thinking of you baby

Yeah, yeah

Touch me in the morning

And last thing at night

Keep my body pumping

You know it feels right

Take me a little higher

I'm begging you to

Tell me what you're feeling

I'll feel it with you

We can only understand what we are shown

How was I supposed to know my love would grow?

Move a little closer

Make sure I feel your love

Hit me with your lovin'

I need you so much

Need you so much..

I need you so much

(Touch me, boy)

Hey yeah.. ooh, ohh..

We can only understand what we are shown

How was I supposed to know our love would grow?

We can only understand what we are shown

How was I supposed to know our love would grow?

You touch my mind in special places

(Touch me, boy)

My heart races with you

I'll take your love, and I'll take my chances

I'll face it with you

We can only understand what we are shown

How was I supposed to know our love would grow?

You touched my mind in special places

My heart races with you
