Right foot  
Followed by her left foot  
We'll guide you home before your curfew  
And into your bed  
Standing on our tip-toes  
Peering through open windows  
I swear i heard my name

Sitting with the lights off  
Waiting for my brain too start  
Trying to work things out  
It's thunder and it's lightening  
And it's all things too frightening  
I could barely see outside

Your body it was black and blue  
It struck twice was nothing new  
Your body it was black and blue  
It struck twice was nothing new  
Your body was black and blue  
Your body was black and blue  
Your body was black and blue  
Your body was black and blue  
Your body was black and blue  
Your body was black and blue  
Your body was black and blue  
Your body was blackk ....  
And it's thunder  
And it's lightening  
Coming home

And it's thunder  
And it's lightening  
Coming back

Your body was black and blue  
Your body was black and blue  
And your body ...

I had to say goodnight  
I'm leaving before your punching out my lights  
I had to say goodnight

I'm leaving before your punching out my lights  
I had to say goodnight  
I'm leaving before your punching out my lights  
I had to say good night  
I'm leaving before your punching out my lights

I'm Leaving.
