VERSE 1

[Beezwax]-Busting lasers rapid,the blastoise happened.

Kill thugs? It takes a real thugs to
kill arachnids.Untouchable,I'm like a
super hero in charge...my brain is 10 times
over,and my epidermis is platinum hard.
Doing it raw,with a fake credit-card
in a bank mall,50 percent off,and use ya
payless shoes for golf.Now say less with a
phat 9,hittin' range rovers to stop signs,
old ladies is frontin' cause the ice makes
em' blind.I hate it,Just because I had lyrics
that just betrayed it.Play thee eliction
that explicit like the lines on my pavement.
Still out...with a harmony suits with no doubt,
make a choice,because I bring more hit points
then ya blastoise,and the ill damage like
charizard and dragonite.Pokemon sucks as if
ya head was worth a dorky-mon.With the steel
wheels like the chromies of steel,simular to

my numark and fleals.And similar to technics,
it's the wheels of steel.

CHORUS

[Luigi]-From "D.C. and Chicago",to "Los Angeles"...

[Beezwax]-Our styles that flow through the world are so
scandulous...

[Luigi]-Mugs,thugs,mney and drugs have come,and
from

this...

[Beezwax]-Our styles that flow through the world are so
scandulous.
