I got your e-mail  
Disgruntled female  
Every detail  
Before my eyes

So I responded  
I think we bonded  
We corresponded  
And watched the sunrise

Then you came through the screen and you taught me  
the meaning of happiness  
And the words that you write came and filled up my  
night with your tenderness  
And if you're ever so inclined  
Here's where you can find me

www. I won't believe it  
www. until I read it  
My heart is tied up in a knot  
You know it's true

You made it clear to me  
Described your fear to me  
Of getting near to me  
And risking our friendship

I stayed up all night  
Construction web-site  
Just click on our fight  
And watch me crying

'Cause you said you were scared and should probably  
stick to the Internet  
And it hurts because deep down inside I believe we are  
more than friends

And if you ever change your mind  
Here's where you can find me

www. I won't believe it  
www. until I read it  
My heart is tied up in a knot  
You know it's true

Regarding the way we are together  
Regarding the way we both should be  
Regardless of time or space or weather  
A part of you lives inside of me  
So if you ever change your mind  
You know where you can find me

www. I won't believe it  
www. until I read it  
My heart is tied up in a knot  
You know it's true
