"All Around The World"

Visit "[All Around The World](#)" on MotoLyrics.com

We go all around the
world, getting farther
away from each other
all around the world,
my heart breaking more,
all around the world,
my body getting weaker,
all around, all around
all around the world

(first time through)
guitar solo (20 secs)
instrumental (21secs)
repeat

We go all around the world,
and its like nobody cares,
all around the world,
we are telling people how to look
for love, we are going all around the world,
and we still love each other

(vocal only)
oh we're going all around the world,
looking for love,
all around the world,
looking for each other,
all around the world,
going to the deep end,
all around the world, we keep
on getting closer,
while keep on going, all around,
all around, all around, all around,
all around the world
