I don't believe in promises
I don't believe in promises
Please don't make me no promise, girl
Please don't make me no promise, girl
A promise is a comfort to a fool

Too much of one thing good for nothing
Too much of one thing good for nothing
Please don't make me no promise, girl
Please don't make me no promise, girl
A promise is a comfort to a fool

Too much of one thing good for nothing
Too much of one thing good for nothing
Please don't make me no promise, girl
Please don't make me no promise, girl
A promise is a comfort to a fool
